Commissioner for Patents

The amendment filed on 2/21/2006 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because claims 6-12, which were examined in the Office Action mailed on 11/3/2005, were drawn to an isolated polypeptide comprising SEQ ID NO: 1 and a method of administering said polypeptide, as elected in a telephone call with Dr. Frank C. Eisenschenk on 8/11/2005. The amendment filed on 2/21/2006 presents claims that are drawn to methods of treating autoimmune and/or inflammatory diseases and/or bacterial and viral infections. Because the claims are drawn to methods of treating a disease, and not drawn to an isolated polypeptide comprising SEQ ID NO: 1, the newly submitted claims are drawn to non-elected subject matter.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
